Sensor Light

The S50 Motion Sensor Light is equipped with a powerful 3W ring shape COB LED and powered by 3pcs of AAA batteries. The sensor light can hang or stick on walls by its foldable hook, 3M adhesive plate and built-in magnet, providing convenient lighting for you and your family.

Main Features

- Super-bright 3W COB - up to 150Lm
- Long Lifespan COB - efficient and durable
- Motion Sensor Switch - fully automatic
- Long Sensor Distance - up to 4M
- Various Ways of Installation - 3M adhesive plate, Magnet and Foldable hook
- Economical - uses widely available AAA batteries

Caution

- Correctly insert the batteries and avoid reversing the +/- polarities
- Replace the batteries when the light is dim
- Replace all batteries at the same time, do not mix old and new batteries, do not mix with other battery types.
- Remove the batteries if unused for more than three months
- To prevent battery damage, avoid placing this product in hot places
- To avoid eye injury do not look directly into the beam
- This is not a toy. Children should use the product only under adult supervision
